

# NORTH TEXAS

All Star GYMS UNITED

The North Texas area is blessed to be among one of the strongest, most innovative, and talented regions in the country.

Each week since COVID-19 began, the gyms of North Texas and some of our surrounding neighbors, have been working tirelessly, communicating regularly to ensure that there is unity and collaboration on how we can be stronger as we return.

The North Texas cheer community is so excited to get the 2020-2021 season started! Our programs have proven to be a stronghold in our communities, and we realize our athletes and their families feel the same way within their own "cheer family." We are filled with hope for one of the most memorable seasons ever.

As we move forward, we want you to know that we have taken a pledge as program owners and coaches to resume in a safe and fun manner. We appreciate your support, patience, and kindness as we continue to navigate this new "normal."

Please continue to support your program and our cheer community. We truly believe; we are STRONGER TOGETHER and the North Texas cheer community will continue to thrive now and in the future.
